

WINE ESTATE IGNAZ NIEDRIST

Mitterberg Syrah IGT "Marra" 2022

Grape variety / Syrah

Growing Area / Cornaiano, 450-500 m a.s.l.

Soil / Glacial morainic gravelly soil with a high stone content (porphyry, granite, gneiss) and a medium sand and clay content. The soils are not particularly deep and are easily warmed. The hill-top location of the sites ensures good ventilation.

Training system / Guyot; 6.000-7.000 vines/hectare

Yield / 25-30 hl/hectare

Harvest date / beginning of October

Age of vines / up to 30 years

Vinification / manual harvest and selection of the grapes, fermentation in open-top oak vats for about two weeks; malolactic fermentation and aging in barriques (25 % new barriques) for 12-14 months, followed by one year of aging in concrete barrels, bottle aging for at least one year.

Analytical data

Alcohol / 13,5 % Vol.

Acidity / 4,6 g/l

Residual Sugar / 1 g/l
